

PSV / HGV Roadworthiness & Categorisation of Defects Awareness Course

Don't let a poor decision cost you your business

This course is a 2 day course based upon the DVSA Categorisation of Defects Manual. Working through the manual the candidate will obtain an understanding of:

- How to use the CoD Manual
- Prohibitions
- Operator Licencing
- The DVSA's Role
- The Traffic commissioners Role
- Operator Compliance Risk Score (OCRS)
- Fix Graduated Penalties

There is also a practical application element to this course

Suitable for operations and engineering staff involved in the daily running of your vehicles
